

Employment Certificate

We, the undersigned, INFOGEST SA, certify that

Mr Michel Oligmüller

Born on 6 March 1963, residing at Chemin du Riat-Coteau 92, 1196 Gland, has been working for our company from 1st September 1993 to 30th September 2012.

Recruited as an **"IT Manager"**, Mr Oligmüller was concerned with the following projects until late 2003:

- Establishing and developing the new AS400 programme (replacing IBM 36)
- Installing and maintaining the new PC (Novell) and Mac networks as well as all PC software applications
- Developing specific applications in Microsoft Access and setting up a new telephone system (500 lines)
- Coordinating the relocation of two offices to the headquarters in Nyon

From 1 January 2004 to 31 December 2005, Mr Oligmüller was appointed "Production Manager". He also participated in management meetings during this period. His tasks included:

- Printing mass mail (over 70,000 addresses), monitoring the printing process, organising enveloping and depositing mailing with suppliers
- Project management for Swiss, French, Portuguese and Polish subsidiaries. Conducting the GED (electronic document management) and the automation project (generating daily prints, sending prints, scanning order forms to simplify entry onto AS400)
- Managing and coordinating desktop publishing projects of a six-person team

In 2006, Monsieur Oligmüller was promoted to **"IT Project Manager"** and has been performing the following activities:

- Client prospecting, establishing specifications to carry out clients' projects (in Switzerland, Poland, Portugal and France), participating in meetings with clients
- Coordinating development tasks, tests and validation before and after production, quality controls and implementing logistics solutions for shipment of goods
- Optimising IT and operational procedures, migration for banking software and cheque machines, validating data, processes and prints for each client, coordinating banking interface solutions (payments, refunds)
- Developing several customised applications on Windev
- IT training on selected software (Web and desktop publishing), email platform, SMS and other programmes
- Managing communication between the IT service, customer service and customers. Planning the work of a six-person team
- Managing end-of-month billing

A well-organised and precise employee, Mr Oligmüller has performed his duties to our complete satisfaction. Throughout our collaboration he has demonstrated his ability to perfectly manage his work and has shown initiative. Furthermore, he has maintained excellent relations with his colleagues and superiors. We must also stress that we have been particularly impressed by his prioritisation skills, his good command of French, German and English as well as his ability to work independently.

For economic reasons, we unfortunately had to cancel the contract that binds us to Mr. Oligmüller on September 30th, 2012. He leaves us well today, free of any commitment, with the exception of secrecy that binds him to our company.

We wish him every success for his future career and personal life.

Beda Mattle
Manager
